

S-DISCO Days

APRIL 3-4, 2023

What is S-DISCO Days?

S-DISCO days is an international scientific conference organized by the students of the International Master in **Sustainable Drug Discovery (S-DISCO)** programme. Our goal is to **foster dialogue** and **promote innovation** in the area of Sustainable Drug Discovery (SDD).

This year, as a first-edition of the conference, we will focus mostly on the basics and the fast-evolving landscape of SDD.

- » **Connect** with researchers, experts, and students from Universities and companies in the field of Pharmacy
- » **Enjoy** high-profile keynote speeches on cutting-edge topics
- » **Special showcase** of research topics by supporting Universities

Participation is free! Attend the event in-person or online

Date and Location

Lecture Hall 1 – Faculty of Pharmacy, Medical University of Gdańsk, Poland, on **April 3-4**
Sala Wykładowa nr 1 w Budyńku Głównym Wydziału Farmaceutycznego – Gdański Uniwersytet Medyczny

Register and immerse yourself in the world of **sustainable drug discovery!**

Registration deadlines

In-person: **March 25**
Online: **March 31**
