

VIRTUAL TOWN HALL

Good Practice on Impact Measurement

JOIN THE MEETING

The ACE²-EU Alliance invites teachers, researchers, administrators and other stakeholders from across the Alliance to join a Virtual Town Hall Meeting dedicated to good practice in impact measurement within projects.

ABOUT THE SESSION

This session will focus on how project impact can be meaningfully defined, monitored and assessed.

Participants will explore practical approaches to monitoring frameworks, indicators, data collection tools and evidence-based evaluation.

The meeting will bring together perspectives from across the ACE²-EU Alliance and create space for exchange, reflection and inspiration.

EVENT DETAILS

	Date	24 June 2026
	Time	13:00 CEST
	Format	Online
	Audience	Teachers, researchers, administrative staff and stakeholders from across the ACE ² -EU Alliance

MEET THE SPEAKERS

Dr Claudia Petrescu

Senior Researcher,
Romanian Academy's
Research Institute for
Quality of Life

Over two decades of experience in applied social science, public policy and international project management. She coordinates European consortia and initiatives and specialises in rigorous impact measurement and evaluation, driving evidence-based assessments to improve interventions for vulnerable communities.

Andrei Ghimisi

Associate Scientific
Researcher, Quality of Life
Research Institute

PhD in political science and co-founding member of the NGO ADER. His research focuses on public policies, social sciences and inclusion programmes. Within the alliance, he contributes to the development of monitoring frameworks, indicators and data collection tools to assess project outcomes and long-term effects.

Katarzyna Bruder

ACE²-EU Local Institutional
Coordinator, Medical
University of Gdańsk

Head of the ACE²-EU Alliance Office at MUG. She manages, supports and listens to MUG teams in their daily alliance activities. During the session, she will share the perspective of the working group responsible for structuring and designing the ACE²-EU impact methodology.

MODERATOR

Preda Adrian-Eugen

Assistant Professor at Constantin
Brăncuși University of Târgu Jiu.

He has teaching and research experience in political science, international relations and European studies. His professional background includes data collection and analysis, research support and participation in academic projects related to education, public policy and social challenges.
